Check applicable boxes below:

3. Recommended Nutrition:

- ☐ Provide high-quality, high-energy rations for the first 3-5 days post-weaning
- ☐ Hand feed on grass, fields or improved pasture enough to maintain growth and health of calves
- ☐ Free choice of salt & minerals at all times
- ☐ Adequate and clean water supply

4. Required Health Records:

- ☐ Must complete and sign this form and send it to McDaniel Livestock Exchange

5. Required Processing:

- ☐ All bull calves are to be castrated prior to or at weaning and healed by sale day
- ☐ Must be tipped or dehorned behind the ears and healed by sale day
- ☐ Administration of vaccine:
 - 1. Use the neck area for intramuscular injections
 - 2. Use subcutaneous injection if labeled on the product
 - 3. Follow label directions and handle vaccines properly
- ☐ Necessary receipts attached

6. Identification:

- All qualifying cattle must carry an official MLX tag
- Tags must be applied before weigh in day
- Tags must remain in place through sale day
- Lot information must match submitted health records

7. HEIFERS:

- Mandatory PREGANCY TESTING for Heifers 650 pounds and up
- Any Heifers that “appear” bred will be Pregnancy Tested
- All Testing is at the Seller’s expense

*****HEIFERS MUST BE GUARANTEED OPEN*****

*****BRED HEIFERS & UNMERCHANTABLE CATTLE WILL BE DISQUALIFIED*****

****McDaniel Livestock Exchange is not liable for any complications that arise from the above procedures****

These cattle have been preconditioned to the above recommendations to the best of my ability and knowledge. All information is true and accurate.
